  - At the casino's discretion, a player may place wagers at two adjacent betting positions during a round of play.
2. The dealer shall announce "No more bets" prior to the dealer dispensing any cards.
3. Each player and the dealer receive three cards face down. Cards are delivered face down to the player from the dealer's left to right in rotation. If an automatic shuffler is used the Dealer will deliver packets of 3 cards face down to the dealer from the dealers left to right with the dealer receiving their 3 cards last.

7. The dealer will then reconcile the hands of those players who have not folded and or have folded and made a Lucky Pair's or Super 6 Bonus. Starting with the player on the dealer's right, expose the player's hand by the that players betting position and reveal the player's cards. The dealer will pay and/or take from the back forwards, reconciling the PLAY wager first, ANTE wager second, the ANTE BONUS third, the Lucky Pair's wager and the Super 6 Bonus last.
