

LUCKY LUCKY BLACKJACK BONUS WAGER: RULES OF PLAY

Lucky Lucky is a bonus wager for blackjack that uses the player's first two cards combined with the dealers up-card (or community card), to form a three-card hand. Winning hands use the ranks of 6-7-8, 7-7-7, or a three-card total of 19, 20, 21. There is no player skill required for this bet. The Lucky Lucky bonus wager is placed on a blackjack game with any number of decks used in standard blackjack (a single deck through an eight-deck shoe), or with a continuous shuffler machine. Please refer to the pay-tables.

The general rule of blackjack has not changed and is dealt according to house procedures.

1. Player must place a main blackjack bet in order to play the Lucky Lucky bonus wager.
2. If a Player chooses to participate, the additional Lucky Lucky bet is to be placed in the designated area on the layout near the player's main blackjack bet.
3. Each Casino house may apply their betting limits for this bonus wager.
4. Only the player controlling the main blackjack betting spot may participate in the Lucky Lucky bonus wager option.
5. All bets must be placed prior to the dealer starting a round of play.
6. The cards are dealt clockwise, starting at the player's position that is leftmost to the dealer.
7. Once the initial cards have been dealt for a round, the dealer will start from their right to resolve the Lucky Lucky bet. Players who placed a Lucky Lucky bet and win must be paid immediately, and all of the payouts along with their corresponding original Lucky Lucky bet, must be removed from the Lucky Lucky betting spot and pushed back towards the

player before the regular round of Blackjack begins. Players who did not receive a Lucky Lucky win will have their bonus wagers removed.

8. The Lucky Lucky standard pay-tables is as stated below for 3 or more decks. A single or double deck would be paid out using the same pay-table but removing the Suited 777 as this is not possible with less than 3 decks.
