

# TEXAS HOLD'EM+™

## TEXAS HOLD'EM +

This variation is played against a dealer to create the best 5 card poker hand using 2-hole cards and 5 community cards.

The player will start by placing an Ante and a Blind wager along with the optional Trips + side-bet. The player will then receive 2 cards and have the option to bet up to 4 times their original bet. A wager option of 2 times the Ante is available after the 3-card flop is shown. Finally the player must make a bet equal to the Ante or fold once all the cards have been exposed.

The hand will then go head-to-head against the dealer's hand to determine the winner.

The dealer qualifies with a pair or higher and the Blind pays with a minimum of a straight.
